Press release December 19, 2018

Pareto Securities AB (“Pareto Securities”) has notified Azelio AB (publ) (“Azelio” or the “Company”) that stabilization measures regarding the Company’s shares have been taken

As announced in connection with the offering to acquire newly issued shares in Azelio and the listing of the Company’s shares on Nasdaq First North (the “Offering”), Pareto Securities, in its capacity as stabilization manager, may carry out transactions aimed at supporting the market price of the shares at levels above those which might otherwise prevail in the market.

Stabilization measures, which aim to support the market price of the shares, may be conducted on Nasdaq First North, the OTC market or in other ways, and may be conducted at any time during the period starting on the first day of trading in the shares on Nasdaq First North and ending not later than 30 calendar days thereafter. Pareto Securities is, however, not required to undertake any stabilization and there is no assurance that stabilization will be undertaken. Stabilization, if undertaken, may be discontinued at any time without prior notice. In no event will transactions be effected at levels above the price in the Offering.

In order to cover any potential over-allotment in connection with the Offering, the Company has committed, upon request of Pareto Securities, to offer up to an additional 1,650,000 newly issued shares corresponding to up to approximately 15 per cent of the total number of shares in the Offering (the “Over-allotment Option”) at a price corresponding to the price in the Offering, i.e. SEK 22. The Over-allotment Option can be fully or partly exercised within 30 calendar days from the first day of trading of the Company’s shares on Nasdaq First North.

Pareto Securities has, in its capacity as stabilization manager, announced that stabilization measures have been taken (in accordance with Article 5(4) of the EU Market Abuse Regulation) on Nasdaq First North in accordance with what is set out below.
